SUMMARY

Driven by a fervent passion for coding, I am actively transitioning into a front-end developer role. I have over three years of work experience as an architect and QA tester. A rigorous full-time training regimen at SoftUni has honed my proficiency in React, JavaScript, HTML, and CSS, providing me with a solid technical foundation.

PROJECTS

Mini Finance Innovations 🔗github

This responsive platform simulates online banking, offering features such as top-up, friends, transactions, history and more

- **Front-end:** React, React Router, CSS, HTML
- **Backend:** Backendless - used as backend service
- **API:** ExchangeRate API for live currency exchange rates
- **Design:** Ant Design, react-credit-card-2

ra-auth-ui - open source project

"Ra-auth-ui" is out of the box authentication layouts, hooks and pipelines to integrate into react-admin library

PROFESSIONAL EXPERIENCE

Architect
IPA architecture and more   📅 2021 - 2023

- Delivered over 10 architectural projects
- Managed three junior architects while working with other teams
- Being the go-to architect for assignments with short deadlines
- Actively coordinating project requirements and issues with engineers in different departments (HVAC, Electrical, Design etc.)
- Selected to be the BIM architect on the team due to my technical skills
- Won monthly award for best BIM architect

Junior architect
Design Art "K&K"   📅 2018 - 2019

Junior architect
Integra Consult Project   📅 2017 - 2018

Quality Assurance
Gameloft   📅 2014 - 2015

- Developed 100+ unique test cases and processes to remove issues for product launches
- Assisted other teams during overtime to resolve major issues
- Consistently giving feedback to the development team

ACHIEVEMENTS AND WORKSHOPS

SoftUniada2024 Programing Olympiad
- Top 10 in web projects category
- 16th place in the final stage out of an overall 157 participants

Erasmus + "Youthpass"
Tutor of a social and cultural workshop with Dutch attendance

Interdisciplinary Student Workshop 2017
Second-best project award
Worked in a team of 8 individuals as a leader to develop an urban project for 7 days

EDUCATION

🔶 **Software University**   📅 01/2023 - Present
Full-stack developer

University of Architecture, Civil Engineering and Geodesy
Master of Architecture

High School of Matematics "Baba Tonka"
Profile Information Technology

CERTIFICATES   GRADES

Basics JavaScript   5.81/6.00
- Variables   • Loops
- Conditional Statements

Fundamentals JavaScript   5.73/6.00
- Data Structures-Map, Set • Text Processing
- Functions   • Database Basics
- Classes   • Regex

Advanced JavaScript   6.00/6.00
- Statements   • Unit Testing
- Nested Arrays   • Error Handling
- DOM and Events   • Prototypes
- Advanced Functions   • Inheritance

Applications JavaScript   6.00/6.00
- HTTP REST Services   • Architecture and Testing
- Asynchronous operations • Client Side Rendering
- Remote Data   • Routing
- SPA and Authentication   • Modular Applications

HTML & CSS   6.00/6.00
- Box Model & Position   • Flexbox
- Topography   • Responsive Design
                         • Forms

React Js   ongoing
- JSX syntax   • Hooks and custom hook
- Components   • Authentication
- Forms   • Context
- HigherOrder Components • Routing

SKILLS

Tech stack

JavaScript   React   TypeScript   HTML
Git   CSS   Tailwind   SASS   Bootstrap

Soft skills

Communication   Problem-solving
Time management   Motivation   Teamwork

Other skills

3dsMax   Photoshop   Figma   Illustrator
